

Training and conference in Ankara

We have reached another milestone in our Gamification- FLAG (Games in English Language Teaching) project. We held the second international partner meeting in Ankara. This time we devoted two days to administrative, financial and dissemination tasks related to the application. This was followed by intensive consultation and internal training on improving the teaching materials available with the help of the application. We also made a professional visit to the English Language Teaching Department of Gazi Üniversitesi (Gazi University in Ankara), as our project enriches the teaching of English. We also had some time for cultural programs, within the framework of which we could meet local landmarks, gastronomy and traditions. Testing of the teaching materials will begin soon. The final conference will take place in Göttingen in the summer of 2025. Project ID: 2023-1-HU01-KA220-SCH-000156504.
